WORK EXPERIENCE

Front End Developer   **Jun 2017 – Present**
University of South Florida, Tampa, Fl

Web Coordinator   **May 2015 – May 2017**
Vertafore, East Lansing, MI

- Maintained all web properties for Vertafore's Sircon solutions group, working cross-functionally across several departments through the use of collaboration tools such as JIRA, Confluence, Slack and Trello
- Oversaw planning, design and launch of completely redesigned and rebuilt fully responsive Sircon.com, handcoding as sole developer
- Implemented several major content additions to site, including a site blog, resource library, searchable FAQ section, and unique campaign and event landing pages
- Improved and simplified site change and update process by creating reusable site components and page templates, using Subversion for version control
- Monitored site analytics, implementing and utilizing several Google Analytics Solutions, including Analytics reports, Tag Manager, Search Console and Webmaster tools
- Based on success of Sircon.com redesign project, selected to manage launch of revamped website for newly for newly acquired company Keal Technology
- Built customized Wordpress site from theme, implementing functionality for bilingual site content and blog
- Managed Keal analytics account, producing monthly reports of site activity
- Actively managed Wordpress and hosting solution administration, providing end-user documentation for Keal employees on common processes and procedures

Senior Web Developer   **Sept 2013 – May 2015**
SNworks, East Lansing, MI

- As part of the SNworks team, handled new site builds and redesigns working from Photoshop document design comps with specifications, along with ticket requests for The State News site as well as more than 20 other university sites across the country utilizing responsive website design
- Developed websites using Bootstrap responsive framework, HTML5, CSS3, LESS, Grunt, and Twig. Git and Bitbucket used for version control
- Utilized SNwork's proprietary content management system
- As a Senior Developer, reviewed and approved submitted code for QA, deployed code and assets to live sites, tracked issues and projects in agile workflow with Jira and Basecamp

Programmer Analyst Intern   **May – Aug 2014**
Kohl's Corporate, Milwaukee, WI

HONORS & ACTIVITES

- Recognized as "Customer Champion" by Keal Technology, for leading production of redesigned website
- Recipient of The State News Board of Directors Scholarship
- Michigan State Dean list member nine consecutive semesters (2011-2015)
